

## COMPANY D IN LONG MARCH GETS READY FOR CAMP.

Local Troopers Hike Far  
Into Country for  
Practice.

GO TO GETTYSBURG THURSDAY.

Will Take Full Complement of Men  
to Maneuvers at Famous Battle-  
field—Men Will Make Good Show-  
ing at Camp.

Soldier boys of Company D were yesterday ready to start their day in the field under the burning sun, and sweltering humidity everywhere may have welcomed the little downpour, of rain and the storm in the afternoon, but none welcomed it with greater appreciation than the boys of Company D. Captain Harry Dunn gave the soldiers something to do in the real line of field work. At nine o'clock in the morning he hustled them off to the rifle range near New Haven and from that time until 4 o'clock they were kept on the move and learned considerable about drilling which will stand them in good stead when they arrive in camp. Of that time but a few minutes were taken up with a light mess at noon and back and forth over the field the men were drilled until some of them it is said saw stars and their legs cranked ominously.

Everything is now in readiness for the annual encampment at Gettysburg. The soldiers will leave by special train over the Pennsylvania railroad at 4:45 o'clock Thursday afternoon. The company will have 50 members, 57 leaving Connellville and two regularly enlisted men will be picked up en route.

The company will be governed by the following orders issued by Captain Dunn:

Canvas uniform, blue shirt campaign hat, leggings, and russet leather shoes will be worn.

Each man will provide himself with one day's cooked rations.

Each man will also provide himself with sufficient underclothing, towels, etc., and four pairs of white gloves.

Canteen, haversacks and blankets will be carried, other clothing will be packed in the chests. It is suggested that the men provide themselves with one canteen to use the same chest. There will be three men assigned to each tent.

The khaki uniform and new leggings will be issued before the date of leaving for camp. Commencing Monday, July 13, there will be a Sergeant at the Armory to issue this and all other articles of uniform and equipment to the men who have not already been equipped.

The khaki uniform and new leggings will be packed in the chests and under no circumstances will be worn until inspection in camp.

Any member showing an idea on date of leaving without having all their equipment will not be taken to camp.

The use of intoxicating liquors while en route is absolutely prohibited. Any liquor found on board the train will be destroyed.

The First Sergeant will detail and post guards immediately on entering. These guards will stay inside the car and under no circumstances will leave their posts. No one except commissioned officers, the Sergeant Major or First Sergeant will be permitted to pass through the car.

Any man interfering with the emergency brake or tampering with any article of property will be immediately discharged, relieved of his uniform and turned over to the civil authorities for punishment.

It is expected that every member of this company will conduct himself as a soldier and gentleman to his duty cheerfully and in every way try to make the rating of this company on conduct and discipline as good as not better than any other company in the regiment. Any infraction of rules and regulations, both while en route and in camp will be summarily dealt with as the gravity of the offense may warrant.

## Statesman Who Defeated "Hoke" Smith in Georgia.

JOSEPH M. BROWN.

Joseph M. Brown is the silent statesman who defeated Governor "Hoke" Smith for the Democratic nomination for Governor of Georgia in 1901. The winning of this primary is equivalent to an election. Mr. Brown is the son of the late Joseph E. Brown, who was the famous War Governor of Georgia and whose name is still a power in his native State. During the campaign which ended in the defeat of Governor "Hoke" Smith by Mr. Brown, the Governor made many speeches and stumped the State from end to end. Mr. Brown did not make a single speech but confined his efforts to meeting hundreds of prominent citizens in private talks and in sending out millions of placards, pamphlets and leaflets attacking Governor Smith's record and promising relief from dull times if elected.

## POLICE OFFICER ADMITS SENDING HIMSELF "BLACK HAND" LETTER AND IS SUSPENDED.

Patrolman McCudden's Deep Laid Plot Against Himself Revealed Before Police Committee—Other Charges Preferred Against Officer.

Officer M. J. McCudden before the Police Committee of Council Saturday evening admitted sending himself a "Black Hand" letter. Burgess A. D. Solson suspended him for ten days pending a hearing of his case by the Police Committee, and with Chairman Frank Friel presiding Saturday evening J. B. Millard, John P. Kocour and J. J. Hinson, took evidence of the irregularities charged against him.

The accusations were made by William Jennings. Jennings testified that McCudden had been calling at his restaurant and from time to time he borrowed money. One evening recently he wanted to borrow \$5 and Jennings told him that he could not let him have it. McCudden became abusive and disorderly and going to another party secured the \$5 from him. He flaunted the money in Jennings' face and blackmailed him. He also made threats and for this reason Jennings stated that he had taken up the case against the officer.

Jennings stated that not so very long ago he walked to the South Side with McCudden and arriving at Pittsburg and Glen streets McCudden marked the box which he

turned in an attempt to show some of his friends how fast the five dollars could be made. Burgess said that Jennings testified that McCudden said: "I'll show you how easy the glasses in them boxes are broken. Walking up to the fire alarm box at Pittsburg and Main streets McCudden, Jennings said, smashed in one of the fire box glasses with his mace. Jennings further testified that McCudden came to him and asked him to write some Black Hand letters. He wrote the letters once to Chief of Police Rottler and another to one of the policemen. McCudden wanted Jennings to mail them and Jennings said that it would not do to have them pass through the mail and it would not be a joke if the thing was done. McCudden however took the three letters and mailed the one to himself.

It will be remembered that McCudden showed this letter to the news paper men at the time. It called upon him to deposit a certain sum of money in a street culvert near Deane and (ling words. McCudden declared at that time that there was a deep plot against him and that he was prepared to meet anyone who would attack him. At the police hearing he admitted that he mailed the letter to himself and that it was a fake demand.

Carl Bishop was also examined and he testified to the officer's misconduct and disorderly conduct at the time he was refused the loan of the \$5. Chief Rottler was called to give his evidence as furnished Burgess A. D. Solson and stated that McCudden was not clearly in appearance as an officer should be and that his attention had been called to this defect by Burgess Solson and he had pointed out the rules in this regard. He stated that he saw McCudden changing his socks on the steps of the Public Building where ladies and others passing could easily see him. He did not think that the proper conduct of an officer.

The committee sustained Burgess Solson in his suspension of McCudden and decided that they would carry the matter up to the Council where the full body would be asked to pass upon his case. It is stated that McCudden will turn in his police uniform and quit before the Council in a few days.

TRANSFORMERS OUT;  
TOWNS IN DARKNESS.

Trouble at West Penn Power House  
Is Felt in Many Towns  
of the County.

Double trouble at the West Penn power house Saturday night spread all over Fayette and Westmoreland counties and there were lots of angry people as a result. The lights in Uniontown, Scottdale, Mt. Pleasant and Greensburg and many other places were entirely out of business as the result of the accident.

The company has six large transformers at the power house, two of which are used to emergency cases. One of the transformers burned and before the workmen could get it in shape again the second extra went out of business. As a result of this accident the lighting service was general.

Impaired Uniontown came for ward with the great kick as the accident occurred about 10 o'clock when business among the merchants was very brisk.

The damage has been repaired and Superintendent Conklin states that all the towns will be lighted as usual. He says that it was an accident that happened, perhaps a case in a line time.

Assisted Conflict Car of Glidden Tour-  
ists and Then Took a Fall Out  
of Chairman's Machine.

Connellsville automobilists each listed a record run Saturday when they went to Johnstown to see the Glidden tourists pass through the town. C. H. Work driving a Geo. car with Charles H. Bushy and Ralph K. Long left Connellsville at 7 o'clock Saturday morning and arrived in Johnstown at 9:10 o'clock. In route to the joyful city they encountered the conflict wagon which had hurtled a time and they assisted the men in putting on a new one.

## UNBIDDEN GUESTS AT PARTY ALMOST STARTED RIOT.

Foreigners Resent "Butting  
In" at Lisenring and  
Fight Follows.

ONE MAN IS IN HOSPITAL.

County Detective and Constables Raid  
Place When Things Were Happen-  
ing and Make Four Arrests—Others  
to Follow.

George Dinanko is in the Cottage State hospital with four scalp wounds, his right arm dislocated and his right arm broken the result of a foreign fight at Lisenring No. 1 about 11 o'clock Saturday night. County Detective Frank McLaughlin and Constable Rowland were four of the defendants under arrest and are searching for four others who were "mixed up in the fight."

Lisenring residents thought that the entire neighborhood were being harassed on Saturday night when they heard the cries and shouts of the men and hastily secured County Detective McLaughlin and Constable Rowland, who descended upon the neighborhood and brought peace and quiet after a several hours' uproar. They placed under arrest Kimkofsky, John and Clement Vancosty and Paul Cota and looked them up and then went in search of the other disturbers, and though their search extended over Sunday and this morning they have been unable to find any trace of them.

Dinanko was lying on the ground near a company house when the officers arrived and was apparently dead. His condition gave rise to the rumor that a murder had been committed. It was later found that he was suffering from an overdose of beer and whiskey and this with his injuries had put him out of the running for a time. Information was made against the men by Squire George B. Graham and a hearing set for July 20, pending the result of Dinanko's injuries and the capture of others said to be implicated in the fight.

The defendants claim that Dinanko and his brother were the aggressors in the fight. It is said that there were several legs of beer on tap at one of the houses and that the Dinanko brothers attempted to butt into the celebration and that those owning the beer objected to their company and through this the trouble arose. Several of the defendants have small cuts and scars showing that they were in the fracas.

The railroad worker was brought to the police station where he gave a \$100 forfeit. It is not known whether he will be prosecuted by the parent of the girl on other charges or not. No information had been made against him by noon.

The first of these cases to be taken before a magistrate were three train riders arrested Saturday evening by Officer Thomas Franklin. They were C. W. Hough, Banning, Samuel Macon, Richard W. ### AN UNWELCOME GUEST

Dalai Lama Expects Hospitality at Cost of \$5,000 Daily.

Peking, China, July 13.—In 1904 Colonel Younghusband of the British army led a British column over the mountain passes of the Himalayas and fought his way into the holy city of Lhasa. In the eyes of all true Buddhists this was desecration and ever since then the Dalai Lama, the religious head of the Buddhist faith and ruler of Tibet has been a wanderer over Northern China. He would not stay in his city after the feet of his deities had trodden its sacred streets. Consequently accompanied by a numerous retinue, he started on his wanderings through China and Mongolia. An expensive and unwelcome guest at the various cities where he elected to stop. Now the Lama is coming to Peking where, as a matter of fact, he will be no more welcome than he was elsewhere. Political expediency however will make it necessary for the Chinese authorities to receive him with a show of great courtesy but they will do their utmost to persuade him to return to Lhasa and if they can once get him to start for home they will send along a numerous force to see that he reaches there without stopping unduly on the way.

The Lama has had with him a retinue variously estimated at from 500 to 1,000 men. This pomp is perhaps fitting for the head of all the Buddhist sects but to entertain such a host in the luxurious manner they expect has been both expensive and troublesome for the Chinese officials upon whom the Lama has descended and demanded hospitality in the name of his high office. It takes about \$5,000 to entertain him and his retainers for a single day.

## RIDE ON WATER WAGON

Part of Prohibition Program at Columbus During National Convention.

## OPEN FIGHT FOR NOMINATION

Proposal Made to Nominate Northern and Southern Men for President and Vice President—State Prohibition Convention Meets Tomorrow.

Columbus, O., July 13.—Delegates have begun to arrive for the Prohibition national convention, which will be held on Wednesday and Thursday, and for the state prohibition convention, which will open today. Most of the state delegations to the national convention are expected tomorrow and they will be escorted from the Union station to their hotels by a brass band seated on a big water wagon. There will be a parade of all the convention hosts on Wednesday.

Regulating tonight there will be mass meetings every night at Memorial hall, where the conventions will assemble, addressed by leading prohibition orators. Four former candidates to president will be heard Wednesday night—former Governor J. P. St. John of Kansas, Joshua Levering of Maryland, John G. Woolley of Chicago and Dr. Silas C. Swallow of Pennsylvania.

The national executive and the general committees will meet on Tuesday, at which time temporary officers will be chosen, subject to ratification by the convention. For temporary chairman there are under consideration President Samuel Dickie of Alabama college, Michigan; Robert K. F. Palmer, Springfield, Ill.; Colonel Frank Sibley of Arizona and Homer L. Casio of Pennsylvania.

Indications now point to an open fight for the nomination for president. There is on foot a movement among some of the leaders of the party to place a southern Democrat on the ticket and a northern Republican on the ticket and Pearson Wright of Georgia and Judge Samuel R. Artman of Indiana were consulted on the subject, but it is stated by National Chairman Charles H. Jones of Chicago that assurances have not been received from either what a nomination would be accepted.

Among the candidates for president who have been prominently mentioned are: Fred P. Wheelock, Los Angeles, Cal.; Daniel P. Sheen, Peoria, Ill.; Joseph F. Tracy, Detroit; the Rev. W. P. Palmer, editor of the St. Louis Christian Advocate; Alfred L. Mann, New York; and Dr. J. D. Cranfill of Dallas, Tex., a former candidate for vice president.

"The platform will be brief and direct," said Chairman Jones. "The platform will denounce the Republic and the Democratic parties because of the failure of congress to put a stop to the shipment of liquor into prohibition states."

### SCOTSDALE NEEDS A BETTER ALARM.

Whistle System Once More  
Up Against a Shortage  
of Steam

AND WILL USE CHURCH BELL.

United Brethren Bell Will Have to  
Serve at Night—Sunday Was Dog's  
Day—Long Chase After Negro  
Shooter.

SCOTSDALE July 13.—This town is once again in bad straits for a fire alarm, and the demand for an improved automatic system is being heard from some of the more progressive citizens. The American Sheet & Tin Plate Company being shut down has steam only in the day time and therefore the use of the whistle as an alarm is out of the question at night, the most dangerous time for fires to break out. It is said that after the 15th of the month it is not expected that any steam will be available for the whistle day or night. At present, Police Officer Arndt is situated at the borough building at night and it will be necessary for him to ring the United Brethren church bell alarm for any fires with which it will be impossible to give a general alarm as to where the fire is if the town is unfortunate enough to have one. However, conditions may improve within a short time and a way devised for giving the proper alarm.

Chased Negro Shooter.  
John Mulholland and H. H. Knipple gave Samuel Taylor, the negro who shot Mrs. Lou Matthews at Hawkoye on Friday, a close chase to Dawson, but he got away from them that night. The negro took a course west of town and the first time they got of him was when Joe Hickey said that a negro had turned at John L. Shively's and went back toward Scottdale. Next Jacob L. Graft saw him go up the hill toward the Cunningham bridge. That the negro kept to the road was learned last week. They drove over the State roads being built in that neighborhood and Mr. Weaver is very optimistic in his praises of the wonder of the results being obtained by the building of proper and permanent roads instead of the usual muddy patches that the taxes are buried in throughout the surrounding townships where there are no State highways built. East Huntingdon township is applying for a mile of State

road to be built from the borough line west of town. The people are going to make a strong effort to secure it, the petition having been filed by the County Commissioners with the State Highway Department several months ago.

Of a Personal Nature.  
R. V. V. and Chas. Stillwagon of Connellsville were business visitors to Scottdale on Sunday afternoon. Col. J. Caldwell Morrow, a former resident and leader of anti-slavery, was here from his home in Pittsburgh on Sunday. This week he is going down into West Virginia to conduct a big lot sale.

Miss Katharine Leichter is visiting her grandmother, A. Gold of Johnstown, and Mrs. Mary King with Rev. and Mrs. B. J. Smith of the same place.

Miss Heska A. Anderson spent Sunday in Connellsville visiting Mrs. W. D. Anderson.

Miss Jacob H. Walters of Cripple Creek, the guest of Mr. and Mrs. Charles B. Albert of Williamstown. Mrs. Lester Porter and son, Master Eugene Porter, left on Sunday to visit Mr. and Mrs. Edwin H. Heston of Donora.

Miss George Steele of Pleasant Unity has been the guest of Mrs. W. H. Fetter in a few days.

### PROJECT FOR NEW COUNTY REVIVED.

Monongahela Valley Towns Anxious  
to Be Seat of Proposed  
Knox Co.

The scheme to form a new county with the County Seat in the Monongahela Valley has been revived and at present is agitating the politicians of the counties from which the proposed territory shall be taken to form the new organization. A similar project was broached ten years ago. According to its plan, a slice would be taken from Allegheny, Westmoreland, Fayette, Greene and Washington. It is believed that Allegheny and Westmoreland would consent to the scheme as they practically agreed to it before, but that violent opposition would be made by Fayette, Greene and Washington.

The towns of Monaca, Westmoreland county, and Monongahela, DeWitt and Clarion in Washington county, are situated in what would likely be the center of the new county, and all would bid for the County Seat. At this time these towns are all favoring the new county. In fact it was here that the old project was revived, however, that should the scheme carry, and the County Seat should be located in one or the other of these towns, then the other towns would oppose the whole proposition rather than see the plum fall to the place they have been so long fighting for. It is doubtful if the rival towns will ever be able to agree upon the location of the County Seat.

Under the old project it was proposed to call the new county Knox county, in honor of Senator P. C. Knox and the reply is have announced that the plan in this particular would be adhered to should the project carry.

## PLENTY OF ERRORS BUT GAME WENT FOR SIXTEEN INNINGS.

In one of the most peculiar baseball games ever seen on the local diamond Connellsville lost Saturday's 3-6 losing affair, a league record, to Scottsdale, score 7 to 6. That the Connellsville team was not the whole show is proved by a look at the error column. Nine misplays are chalked up to the discredit of the Cokers, nearly all of which were responsible for one of the "Millers" failures. In relation to the Millers, would above a man across the pan and the Cokers would garner one. "Old Reliable Sporker" Cannon was on the job for the locals, and although he served them up in tantalizing fashion, he made three costly fielding errors. Scottsdale made their runs in the first part of the game wholly on Connellsville errors.

The most important feature of the game was the pulling out of Cannon in the fourteenth inning of the game to let Pfeiffer bat for him. The big outfielder has been warming the bench for some time. Scottsdale had made one in their half of the inning and everybody was preparing to leave the grounds, fearing that all was over. One man was on the bench with Pfeiffer at the bat. The murmur, "another strikeout," went through the grand stand. Conover scanned the horizon and motioned his fielders in. In the ball game, it didn't stop to say goodbye, but went a mile a minute to the middle field fence. Before it could be returned to the infield Pfeiffer was back on the bench, receiving the congratulations of his friends. It seems that Connellsville after this magnificent sport could not win out, but it panned out otherwise.

Conover, the elongated prize package, was on the bill for the Millers and performed in Vic Willis style. Cannon pitched until the fourteenth when he was pulled out to let Pfeiffer bat for him. Coker finished the game. When Scottsdale made a run in the sixteenth he was pulled to let Sweeney bat for him. Bobby Bailes, playing under the name of Burns, was at short for the visitors and played a good game. Manager Sweeney of the Millers was put out in the latter part of the game. The score:

### FAIRMONT WAS EASY.

Clarksburg Was Making Circles Around Them When Rain Came. CLARKSBURG, July 12.—But six innings could be played here yesterday afternoon when Jug Fluvius jumped in and prevented a complete game. Clarksburg was in the lead with eight runs when the rain came up. Kenner started the game for the Babes but disappeared in the second. Fairmont could get but two hits off Lower. The score:

### Baseball Babbie.

Back to 500. Sixteen points now separate the Cokers from the Cherubs.

Walter Snodgrass arrived in town Friday afternoon and his bunch arrived in town from Fairmont this morning for a three-game series.

Blanchard and Johnny Yeodt is the program for today. Yeodt was signed up Saturday by Milt Montgomery.

Pfeiffer may be played in left field today. Birmingham is one of the best hitters on the team but does not know how to play in the outfield. A two-bagger got through him Saturday that would have been easily been gotten by any of the regular outfielders.

Nine games are on the schedule this week. Three double headers are on the list, two with Fairmont and one with Clarksburg. Six pitchers will be needed. Blanchard will work in two and maybe three of the games. Francis made his first attempt on the home grounds Saturday. This makes three altogether that "Chip" has made this season.

This week's games will decide in a measure whether Connellsville will be one of the pennant winners or not. Walter Snodgrass' hand of cards is not as good as it seems. The Connellsville ball players should be easily taken over, although Fairmont has always been a hard nut for the locals to crack. It will be the first time that
